

Welcome to NUAA

Nanjing University of Aeronautics and Astronautics (NUAA) is a leading Chinese institution known for its excellence in engineering sciences, including Aeronautics, Astronautics, and Mechanical Engineering, as well as Economics and Management. Among the first national universities authorized to confer doctoral, master, and bachelor degrees, NUAA has been recognized under both the "National Project 211" and the "Double First-Class" initiatives.

Undergraduate Program

NUAA is one of the first few universities in China offering English taught undergraduate programs in engineering and business majors since 2005. NUAA currently offers 6 international undergraduate programs instructed in both English and Chinese with duration of 4 years. Qualified graduates are awarded graduation diploma and bachelor degree.
