

Fall Semester Software Engineering and Technology Program

NO.	NAME	CREDITS	HOURS
0810109W	Algebra & Trigonometry	3	48
1690101W	An Introduction to Computer	2	32
1900101W	Orientation Program	1.5	24
1900104W	Basic Chinese Listening	2	32
1900105W	Basic Chinese Speaking	2	32
1900108W	Comprehensive Chinese(1)	3	48
1900109W	An Introduction to China	1.5	24
1900115W	Comprehensive Chinese(3)	3	48
1900218W	Academic English Writing	2	32
1900117W	Reading in Chinese	2	32
1900118W	Communication in Chinese	2	32
8410002W	Information Retrieval & Utilization	0.5	16
1230302W	Chinese-to-English Translation	2	32
1610101W	Programming in C Language	3.5	60
0810105W	Calculus for Business and Management Sciences(2)	3	48
0810107W	Linear Algebra II	2.5	40
1610202W	Data Structure	4	64
1610234W	Principles of Computer's Composition	4	64
1610235W	Discrete Mathematics	3.5	56
1610302W	Software Engineering	3	48
1610304W	Operating Systems	3.5	56
1610311W	Modern Software Development Technology	3	48

Fall Semester Software Engineering and Technology Program

1610401W	Object-Oriented Method & UML Modeling	3	48
1610403W	Software Architecture	2	32
1610405W	Software Testing	2	32
1610409W	Information Security Technology	2	32
0930102W	Principles of Management	3	48
1610338W	Software Engineering Economics	2.5	40
0930303W	Project Management	2	32
1610402W	Multi-media Technology & Applications	2	32
1610404W	Software Maintenance	2	32
1610203W	Project: Data Structure	2	32
1610303W	Course Project: Software Engineering	2	32
