

## Exchange semester at Arts et Métiers ParisTech (France)

**Arts et Métiers ParisTech** is one of the top Graduate Schools of Engineering Science in France. It is composed of 8 different campuses which have different fields of specialization. The main area of studies and research are:

- Mechanical Engineering
- Material Science
- Industrial Engineering

Find more information about Arts et Métiers ParisTech here: [www.ensam.eu](http://www.ensam.eu)

Students from partner Universities may apply for **an exchange semester** to live a multicultural experience in Paris.

Eligible students:

- Graduate students from the relevant fields of studies
- Advanced students from integrated Bachelor and Master Programs

Study program: full-time coursework

Available fields of studies:

- Mechanics, Materials and Processes
- Fluids and Energy Systems
- Biomedical Engineering
- Design and Industrialization

Credit transfer is possible up to 30 ECTS (European Credit Transfer System)

Teaching language: English

Previous knowledge of French: not required but appreciated

Location: Paris Campus

Duration: From mid-September to late January

Application deadline: April 30<sup>th</sup>

The exchange program is tuition free on a reciprocal basis with partner Universities.

Students have to cover living expenses including social security costs for about 210 € for the whole semester. Housing will be made available by Arts et Métiers ParisTech.
