

INSTRUCTIONS TO CHOOSE YOUR COURSES

✈ 1st step

You have to choose the courses of :
Engineering sciences « **core** » :4 courses

✈ 2nd step

Then, you have to choose **one** major : Systems **OR** Vehicles

And to follow the courses of the chosen major :

SYS : Command systems

OR

VEH : Vehicle structures

✈ 3rd step

You have to choose **one** option according to the major you've chosen in the 1st step.

If you have chosen the **Systems major**, you can choose between the following options : Embedded systems and telecommunications (SET) **OR** Mechatronics systems (SM) **OR** space, launchers and satellite (ELS)

If you have chosen the **Vehicles major**, you can choose between the following options : space, launchers and satellite (ELS) **OR** Energy and propulsion(EP) **OR** Mechanics and structures (MS)

- ✈ All the students have to follow the « Human Sciences »
- ✈ French as a Foreign Language classes are compulsory for all Exchange students (4 credits)
- ✈ We strongly recommend to follow all the courses composing **the major and the option**. However, Exchange students are allowed to drop some courses if they have studied them before or if they don't have the pre-requisites. The ECTS credits will be modified accordingly.
- ✈ Please note that Exchange students are allowed to take one or two courses outside their chosen major/option. However we can not guarantee that it won't create conflicts in their timetable.
- ✈ The maximum number of credits for 1 semester at IPSA is 30 credits ECTS.
