

Purdue University Northwest-ETIE Program

ETIE (English Training in Engineering) program has maintained a long term cooperation with more than 20 top universities in China and has more than 400 excellent graduates since it was established in 2006. It is our honor to be well recognized by our students, parents and universities. Our goal is and always will be to help make young people's dreams come true!

✓ ETIE Program Junior (for "3+1+1" program), senior (for "4+0.5+1" program) and graduate ("1+1" program) students in cooperation universities, whose English proficiency been approved, majoring in engineering, including mechanical engineering, electric and computer engineering, civil engineering, and other engineering related. Students with other majors like computer science and accounting are also welcome to join a similar program.

✓ ETIE Advantages:

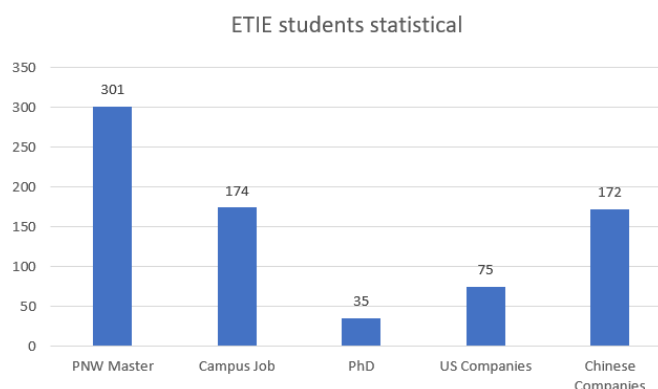

1. Significant improvement of English skills
2. Exceptional hands-on experience
3. Great research resources
4. Internationally well-known professors and research centers
5. Priority admission from Purdue Calumet MSE graduate program
6. Prestige Purdue engineering degree
7. Convenient location nearby Chicago
8. Relatively low tuition comparing to other Universities
9. Plenty of job choices such TA, RA
10. Abundant opportunities of international competitions such as Moon Buggy, Mini Baja, and research papers

ETIE graduates are studying and working at well-known universities and companies such as:

- | | |
|--------------------------------------|----------------------|
| ✓✓ Harvard University | ✓✓ Apple, US |
| ✓✓ Duke University | ✓✓ 3M, US |
| ✓✓ Columbia University | ✓✓ Microsoft, USA |
| ✓✓ Purdue University | ✓✓ NIPSCO, USA |
| ✓✓ Michigan University | ✓✓ Agiltron, USA |
| ✓✓ New York University | ✓✓ Foxconn, USA |
| ✓✓ University of Pennsylvania | ✓✓ Siemens, China |
| ✓✓ Texas A&M University | ✓✓ P&G, China |
| ✓✓ University of California at Davis | ✓✓ Volkswagen, China |
| | ✓✓ Intel, China |

ETIE statistics: 449 enrolled from 2006-2017
407 completed the program by May 2016

ETIE Activity

ETIE program provides students with many amazing activities, through which students can get to know America, enjoy themselves, and at the meantime explore themselves with more possibilities including leadership and job opportunities. ETIE activities include:

Academic Activities Trips and Student Activities:

- ✓✓ Personal tutor section
- ✓✓ Help section with professors or teaching assistant
- ✓✓ Attend technical conferences and competitions
- ✓✓ PUC Student Research Day
- ✓✓ Many research opportunities available
- ✓✓ Independent Study
- ✓✓ Graduate thesis
- ✓✓ Campus Job fair
- ✓✓ Chicago trip, including Chicago University, Lakeshore Drive, Chicago Aquarium, Navy Pier, Chicago Millennium Park, and Chinatown
- ✓✓ Outlet shopping trip
- ✓✓ Chinese Student Cooking Competition
- ✓✓ Chinese Moon Festival Celebration
- ✓✓ Chinese New Year Celebration

ETIE Testimony

“首先我觉得教授们都非常友好，也非常有耐心，我能从每位教授那里得到很多的知识，他们在学术上一丝不苟的精神也让我非常敬佩。第二点我想就是 ETIE 这个大家庭，学长学姐们早就准备好了为我们提供各种帮助，中国学生会还组织各种活动，让大家在美国学好完好。最后我觉得大家应该利用学校的各种服务中心，例如 career service center 以及 writing center。” (Xuesi Wang, BIT)

“通过 ETIE 项目有幸出国学习和生活，我从没后悔过这个选择。大四一年在普渡学习时光很快乐，也很辛苦。做毕业设计开始时很多东西都不会，只能天天泡在实验室。正是这段经历让我喜欢上了我所做的事。所以决定投身于这方面的研究。同时自己在专业知识方面也有所领悟。通过 ETIE 还认识了很多朋友，能和你们一起讨论学习我很幸运。” (Dong Fu, BIT)

“偶然的机会加入 ETIE 这个项目，让自己获得了去面对更多挑战的机会，感觉自己像一棵小树，从下向上慢慢展开枝叶，逐渐繁茂。但是永远不会忘记自己最初的根基，确是从 ETIE 这个平台上生长出来的。” (Bin Wu, CSU)

“我学会了独立自主，懂得了如何更有效率的学习和工作。

ETIE 每年举办的各种活动丰富了我们的生活，尤其是春晚，为我们在外的学子创造了在家的幸福与温暖。同时，ETIE 老生和社区华人对新生的帮助使得新生能够更快的适应在美的生活。” (Niana Zhou, CSU)

“I learned how to do research and how to write a journal paper. I made lots of friends with American people.” (Xu Li, NUAA)

Programs including "3+1 program" "4+0.5+1 program" "1+1 graduate program" "one or two semester visiting program" etc.
