

## List of Courses Available in 2025-2026-2

备注：更新于2025-12-5 Note: Updated on December 5th, 2025

班号: 1924611-612      专业: 飞行器设计与工程      专业方向: 航空工程      学年: 2025-2026-2  
 Class:1924611-612      Major:Aeronautical Engineering      Academic Year:2025-2026-2

| 课程号Course no. | 课程名 Course     |                                                   | 学时Hours | 学分 Credits | 课程类别 Remark |
|---------------|----------------|---------------------------------------------------|---------|------------|-------------|
| 0130205W      | 工程力学(英文)(2)    | Engineering Mechanics(2)                          | 58      | 3.5        | COM         |
| 0210301W      | 航空发动机原理(英文)    | Principle of Aero-Engine                          | 48      | 3          | COM         |
| 0220201W      | 工程热力学(英文)      | Engineering Thermal dynamics                      | 48      | 3          | OPT         |
| 0320203W      | 电工与电子技术(英文)(2) | Electrical Engineering & Electronic Technique(2)  | 52      | 3          | COM         |
| 0610211W      | 材料科学与工程基础 (英文) | Fundamentals of Materials Science and Engineering | 48      | 3          | COM         |
| 0770202W      | 飞机系统原理         | Principle of Aircraft System                      | 34      | 2          | OPT         |
| 0810110W      | 数值分析           | Numerical Analysis                                | 32      | 2          | OPT         |
| 1900125W      | 综合汉语4          | Comprehensive Chinese 4                           | 64      | 4          | COM         |
| 1900128W      | 汉语听说 (高级)      | Chinese Listening and speaking(Advanced)          | 24      | 1.5        | COM         |
| 1903002W      | 航空汉语           | Aviation Chinese                                  | 34      | 2          | OPT         |
| 9210034W      | 电工电子课程设计 (英文)  | Course Project:Electrical & Electronic Technique  | 1.5周    | 1.5        | COM         |

班号: 1924621      专业: 机械工程      专业方向: 机械工程      学年: 2025-2026-2  
 Class:1924621      Major:Mechanical Engineering      Academic Year:2025-2026-2

| 课程号Course no. | 课程名 Course     |                                                   | 学时Hours | 学分 Credits | 课程类别 Remark |
|---------------|----------------|---------------------------------------------------|---------|------------|-------------|
| 0130231W      | 材料力学           | Materials Mechanics                               | 38      | 2.5        | COM         |
| 0210203W      | 工程流体力学         | Engineering Fluid dynamics                        | 32      | 2          | COM         |
| 0220201W      | 工程热力学(英文)      | Engineering Thermal dynamics                      | 48      | 3          | OPT         |
| 0320203W      | 电工与电子技术(英文)(2) | Electrical Engineering & Electronic Technique(2)  | 44      | 3          | COM         |
| 0510202W      | 机械原理课程设计(英文)   | Course project:Mechanical Principles              | 16      | 0.5        | COM         |
| 0510203W      | 机械原理(英文)       | Mechanical Principles                             | 45      | 3          | COM         |
| 0510203W      | 材料科学与工程基础 (英文) | Fundamentals of Materials Science and Engineering | 48      | 3          | COM         |
| 0770202W      | 飞机系统原理         | Principle of Aircraft System                      | 30      | 2          | OPT         |
| 0810110W      | 数值分析           | Numerical Analysis                                | 32      | 2          | OPT         |
| 0810202W      | 概率论与数理统计(英文)   | Probability & Statistics                          | 48      | 3          | COM         |
| 1610236W      | Java语言程序设计(英文) | Java Language & Programming                       | 48      | 3          | OPT         |
| 1900125W      | 综合汉语4          | Comprehensive Chinese 4                           | 64      | 4          | COM         |
| 1900128W      | 汉语听说 (高级)      | Chinese Listening and speaking(Advanced)          | 24      | 1.5        | COM         |
